Manatū Aorere**

Activity Number ACT-0A11958

Activity Name: 2014 Tropical Cyclone Lusi Head of Mission Fund
Contribution

Objective:

This Activity provides NZ\$50,000 to be used by the New Zealand Head of Mission in Port Vila to support initial relief and early recovery efforts of local agencies following Tropical Cyclone Lusi. This funding covers the cost of an engineer to assess the Vusinborote dam following flooding of the Waialo River, and the subsequent formation of a natural dam and possible landslide risk to several nearby villages. It will save lives, alleviate suffering, and maintain human dignity in relation to the response to Tropical Cyclone Lusi in Vanuatu, April 2014.
