

Implementing Arrangement

on Strengthening Cooperation on Climate Change

between

the Ministry of Foreign Affairs and Trade of New Zealand

and

**the National Development and Reform Commission of the People's
Republic of China**

The Ministry of Foreign Affairs and Trade of New Zealand and the National Development and Reform Commission of the People's Republic of China (hereinafter referred to as "the Participants"), based on the aspiration for jointly strengthening cooperation on climate change and deepening bilateral practical cooperation under the auspices of the Arrangement between the Government of the People's Republic of China and the Government of New Zealand on Climate Change Cooperation (hereinafter referred to as "the Bilateral Arrangement") and specifically Part III of that Arrangement;

The Participants have decided to implement the following arrangement to implement the Bilateral Arrangement:

Part 1: International Cooperation

The Participants aspire to carry out technical exchanges between negotiators relating to international climate change negotiations, at a time and location to be mutually determined.

In particular, both Participants should consider how they together can give full effect to the Paris Agreement.

Part 2: Carbon Markets

The Participants decide to hold technical workshops between carbon markets experts. The Participants have decided to effect an ongoing exchange of information between experts. The initial focus of such exchanges should be on developing, running, and modifying Emissions Trading Schemes (ETS); future focus should be on the ways in which ETSs may cooperate in the future, or other issues to be determined between the Participants.

The Participants will discuss co-hosting an Asia-Pacific Carbon Markets Roundtable Meeting.

The Participants decide to work together to identify opportunities for collaboration with other Participants to promote linking of ETSs.

The Participants decide to carry out ongoing technical exchanges and information sharing on domestic ETS development and afforestation.

Part 3: Mitigation of Agricultural Greenhouse Gases

The Participants will carry out technical exchanges, to facilitate knowledge transfer and best practise sharing on measuring, reporting, and verifying (MRV) livestock greenhouse gas emissions.

In particular, New Zealand invites China to participate in the Global Research Alliance flagship project on agriculture greenhouse gas inventories.

New Zealand also invites China to be a co-Chair of the Cropland Research Group (CRG) of the Global Research Alliance.

The Participants will carry out an informal bilateral dialogue on agriculture within the International Climate Change negotiations. The informal dialogue may be extended to other partners, by invitation only, at the mutual decision of both Participants.

Part 4: Electric Vehicles and Charging Infrastructure

The Participants decide to explore cooperation on promoting the development of electric vehicles and charging infrastructure in New Zealand.

Part 5: Entry into Effect and Termination

This Arrangement will take effect on the date of signing by the Participants, and will remain effective for a period of 5 years.

This Arrangement will be automatically renewed for one period/consecutive periods of five years thereafter, unless and until

terminated by either Participant by giving written notice to the other side three months before the expiration of the Arrangement.

Other

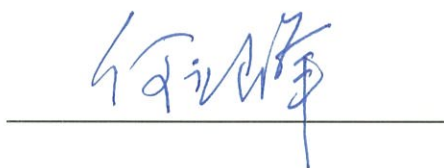

This Arrangement only expresses the common will of the Participants to strengthen cooperation and exchanges to support the Bilateral Arrangement.

The implementation of this arrangement will be conducted by those domestic agencies nominated by the signatory to the arrangement.

Signed in Wellington on 27 March 2017 in Chinese and English languages, each version having equal validity.

关于加强气候变化合作的实施安排

新西兰外交贸易部和中华人民共和国国家发展和改革委员会（以下简称“双方”），基于在《新西兰政府和中华人民共和国政府气候变化合作安排》（以下简称《双边安排》），特别是安排第三部分的框架下共同加强气候变化合作、深化双边务实合作的强烈愿望；

为实施《双边安排》，双方决定实施如下安排：

第一部分：国际合作

双方愿意就国际气候谈判问题在谈判代表间开展技术交流，具体时间与地点将共同商定。

特别是，双方应考虑如何共同全面实施巴黎协定。

第二部分：碳市场

双方决定举办碳市场专家技术研讨会。双方决定启动持续的专家信息交流。起初，该类交流将集中在开发、运营和完善排放权交易机制；未来应聚焦于排放权交易机制可能的合作方式或其他双方决定的内容。

双方将讨论联合举办一次亚太碳市场圆桌会议。

双方决定共同努力识别与其他伙伴合作推动排放权交易机制链接的合作机会。

双方决定开展持续的关于国内排放权交易机制发展和造林的技术交流和信息分享。

第三部分：减缓农业温室气体排放

双方将举办技术交流活动，促进畜牧业温室气体排放监测、报告与核查方面知识交流和最佳实践分享。

特别地，新西兰邀请中国参加全球研究联盟关于农业温室气体清单的旗舰项目。

新西兰也邀请中国担任全球研究联盟农田研究组的联席主席。

双方将在国际气候变化谈判中开展一次农业领域双边非正式对话。该非正式对话经双方共同商定后，可能扩

大至其他受邀参加的伙伴。

第四部分：电动汽车和充电设施

双方决定探讨促进新西兰电动汽车和充电设施发展的合作。

第五部分：生效和终止

本安排自双方签署之日起生效，有效期5年。

除非任何一方在失效日期前三个月以书面通知另一方终止本安排，本安排将自动延长5年。

其他

本安排仅表达双方为支持《双边安排》，加强合作和交流的共同意愿。

本安排的实施将由本安排签署方提名的国内机构执行。

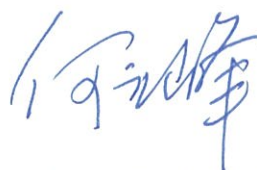

本安排于 2017 年 3 月 27 日在 惠灵顿 签署，每份均用中文、英文写成，两种文本同等作准。
