OIA 28635

Tēnā koe Requesters name redacted for
proactive release

Following on from our response to your Official Information Act 1982 (OIA) request of 21 March 2023 (OIA ref. 28588), you submitted a new request on 10 May 2023. This request asked for the same subject matter (in relation to understanding how the Government has spent a committed \$1.3 billion to support countries most vulnerable to the effects of climate change) with the timeframe revised to be for information "*from 2022*". Please find a response below.

Information relevant to your request is attached. Please note that this data is as at 15 May 2023, and contains activities that are subject to ongoing review and may have data corrections occur in future. The data is presented in line with our reporting standards and includes scaling where climate change is not the principal objective.

Some information in scope of your request is withheld in full under the following sections of the OIA:

- s9(2)(a): to protect the privacy of natural persons
- s9(2)(b)(ii): to protect information where the making available of the information would be likely unreasonably prejudice the commercial position of the person who supplied or who is the subject of the information; and
- 6(d): as the making available of the information would be likely to endanger the safety of any person.

Where the information has been withheld under section 9 of the OIA, we have identified no public interest in releasing the information that would override the reasons for withholding it.

Please note that we may publish this letter (with your personal details redacted) and enclosed documents on the Ministry's website.

If you have any questions about this decision, you can contact us by email at: DM-ESD@mfat.govt.nz. You have the right to seek an investigation and review by the Ombudsman of this decision by contacting www.ombudsman.parliament.nz or freephone 0800 802 602.

Nāku noa, nā

A handwritten signature in black ink, appearing to be 'SC', written in a cursive style.

Sarah Corbett
