**Your request has been numbered for administrative purposes*

In response to part one of your request, **Appendix A** contains the Manaaki New Zealand Scholarships allocation by country and calendar year: 2025 & 2026 selection rounds (studies commencing in 2026 & 2027).

Regarding part two and three of your request, to achieve the multiple disaggregation points, anonymised raw data has been attached in both PDF and Excel formats. Data can be filtered by year, country, field of study, and qualification.

Regarding part 4 of your request, the Ministry of Foreign Affairs and Trade (MFAT) works in partnership with Education New Zealand (ENZ). MFAT sets the strategic direction for the Manaaki New Zealand Scholarship Programme (MNZSP), which includes setting intake profiles for tertiary selection, with partner governments. ENZ operates the MNZSP and holds the contract with a supplier for tertiary selection. This contract sits with Skills

Consulting Group (Selection 2025) and will be held by Randstad Ltd for Selection 2026, and beyond. New Zealand's diplomatic posts are involved in longlisting and shortlisting of applicants that meet selection criteria. Admission into preferred courses is decided by individual tertiary education institutions.

Please note that it is our policy to proactively release our responses to official information requests where possible. Therefore, our response to your request (with your personal information removed) may be published on the Ministry website:
