The public service works collectively to make a meaningful difference for New Zealanders. The Public Service Act 2020 states that the purpose of the public service is to support constitutional and democratic government, enable both the current Government and successive governments to develop and implement their policies, deliver high-quality and efficient public services, support the Government to pursue the long-term public interest, facilitate active citizenship and act in accordance with the law. We have an important role in supporting the Crown in its relationships with Māori under the Treaty of Waitangi and te Tiriti o Waitangi. Whilst there are many diverse roles, all public servants are unified by a spirit of service to the community and guided by the core principles and values of the public service in our work.
