Highlights for Nelson & Tasman exporters include:

Seafood: Port Nelson is the largest fishing port in Australasia, and is home to New Zealand's deep-sea fishing fleet and its largest fisheries companies. All tariffs will be eliminated on aquaculture exports under CPTPP, with the majority of tariff savings occurring upon entry into force of the Agreement.

Manufactured goods: The majority of tariffs on manufactured exports will be eliminated upon entry into force of the Agreement, with the remaining tariffs eliminated within 16 years.

The CPTPP will also help address non-tariff barriers to trade in goods and services. It will be easier to learn about, and satisfy, regulations in other CPTPP markets.

Forestry: All tariffs on New Zealand forestry and forestry products will be eliminated as part of CPTPP, including in Japan (New Zealand's fourth-largest export market).

Fruit: All tariffs on fruit will be eliminated—with tariffs on blackcurrants eliminated upon entry into force of the Agreement, tariffs on cherries eliminated within six years, and tariffs on apples eliminated within 11 years.
