

The CPTPP will help create higher paying jobs and improve living standards while preserving New Zealand's right to make laws protecting our people, our environment and our Treaty of Waitangi partnership.

# 23,000

Jobs in the region  
dependent on exports

# \$10.5m

Saved annually on tariffs  
faced by this region

### Highlights for Northland exporters include:

**Forestry:** 15% of New Zealand's felled timber is grown in Northland. All tariffs on New Zealand forestry and forestry products will be eliminated as part of CPTPP, including in Japan (New Zealand's fourth-largest export market).

**Beef:** 10% of New Zealand's beef cattle live on Northland farms. Beef tariffs will be eliminated in Canada within six years, and Mexico and Peru within 10 and 11 years respectively. Tariffs on beef exports to Japan will reduce from 38.5% to 9% over 16 years.

**Avocados:** All tariffs for avocados will be eliminated upon entry into force of the Agreement.

**Fisheries:** All tariffs will be eliminated on fisheries exports under CPTPP, with the majority of tariff savings occurring upon entry into force of the agreement.

The CPTPP will also help address non-tariff barriers to trade in goods and services, including by streamlining the process to get goods across the border.

### Key Northland exports include:

Forestry  
products

beef

horticulture

fisheries
