

CONTRACTUAL SERVICE SUPPLIERS AND INDEPENDENT PROFESSIONALS

1. Each Party shall allow the supply of services in its territory by contractual service suppliers or independent professionals of the other Party through the presence of natural persons, in accordance with Article 10.23 (Contractual service suppliers and independent professionals), for the sectors listed in this Annex and subject to the relevant limitations.
  
2. The list below is composed of the following elements:
  - (a) the first column indicates the sector or sub-sector for which the category of contractual service suppliers and independent professionals is liberalised; and
  
  - (b) the second column describes the applicable limitations.

3. In addition to the list of commitments in this Annex, each Party may adopt or maintain a measure relating to qualification requirements, qualification procedures, technical standards, licensing requirements or licensing procedures that does not constitute a limitation within the meaning of Article 10.23 (Contractual service suppliers and independent professionals). Such a measure may include the need to obtain a licence, obtain recognition of qualifications in a regulated sector, pass a specific examination such as a language examination, fulfil a membership requirement of a particular profession such as membership in a professional organisation, or any other non-discriminatory requirement that certain activities may not be carried out in protected zones or areas. While not listed in this Annex, such measures continue to apply.

4. The Parties do not undertake any commitment for contractual service suppliers and independent professionals in sectors which are not listed.

5. For the purposes of identifying individual sectors and sub-sectors, "CPC" means the Provisional Central Product Classification (Statistical Papers, Series M No. 77, Department of International Economic and Social Affairs, Statistical Office of the United Nations, New York, 1991).

6. In sectors where economic needs tests are applied, the main criteria for those tests will be the assessment of:

(a) for New Zealand, the relevant market situation in New Zealand; and

- (b) for the Union, the relevant market situation in the Member State or the region where the service is to be provided, including with respect to the number of, and the impact on, service suppliers who are already supplying a service when the assessment is made.

7. The schedules of New Zealand and the Union in paragraphs 14 and 15 apply only to the territories of New Zealand and the Union in accordance with Article 1.4 (Territorial application) and are only relevant in the context of trade relations between the Union, the Member States and New Zealand. They do not affect the rights and obligations of the Member States under Union law.

8. For greater certainty, for the Union, the obligation to grant national treatment does not entail the requirement to extend to persons of New Zealand the treatment granted in a Member State, in the application of the TFEU, or of any measure adopted pursuant to TFEU, including its implementation in the Member States, to:

- (a) natural persons or residents of another Member State; or
- (b) juridical persons constituted or organised under the law of another Member State or of the Union and having their registered office, central administration or principal place of business in the Union.

9. Commitments for contractual service suppliers and independent professionals do not apply in cases where the intent or effect of their temporary presence is to interfere with, or otherwise affect the outcome of, any labour or management dispute or negotiation.

10. All other requirements of the laws and regulations of the Union and the Member States regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements, even if not listed in this Annex.
